PREGNANCY | BIRTH | POSTPARTUM

COWICHAN POSTPARTUM DOULA CARE AGREEMENT

1. Scope of Services

Postpartum Doula Services Include:

- Emotional and physical support for the birthing person and family.
- Assistance with newborn care, including feeding, diapering, and soothing techniques.
- Light household tasks such as meal prep, laundry, and tidying up.
- Education and guidance on infant care and postpartum recovery.
- Breastfeeding, pumping, and/or bottle-feeding support.
- Overnight support to provide rest for the family, including baby monitoring, feeding, and diaper changes.

Overnight Care: Overnight support includes care between the hours of 8pm-8am. I will remain alert and attentive to the newborn's needs throughout the night, allowing you to rest. Once all tasks are complete and your baby is safely sleeping in their own designated safe sleep space (bassinet or crib), I may take a break by quietly reading or watching a show with one earbud in so that I can still easily respond to your baby.
